Investment Introduction

The Sippcentre SIPP has been designed to combine the wide investment flexibility of a traditional SIPP with online technology and a highly competitive fee structure that reflects the investment option(s) that you and your client wish to use.

We offer various options through which you can invest all or part of your client's SIPP funds within our Panel Options.

In addition, you can use all, or part, of your client's SIPP to invest in Off Panel investments. In order to use this feature, your client will need to complete a separate declaration which is part of the Application Form for new clients. Clients whose SIPPs were established before 14th January 2008 can also make use of the increased investment flexibility by simply completing an Off Panel Investment Declaration Form. This form is available in the Literature section of our website.

Panel Options

The following investments can typically be purchased through our various Panel Options.

- UK Shares Listed on the LSE
- Shares on the Alternative Investment Market (AIM)
- Shares listed on a recognised overseas stock exchange
- Exchange traded funds (iShares)
- Futures and options (inc CFDs)
- Hedge funds
- Government and local authority bonds and fixed interest stocks
- Corporate bonds
- Authorised UK Unit trusts
